*Prior to the orientation, please get onto ASULearn and be looking/interacting with your new classes. If you go to [appstate.edu](http://appstate.edu), the ASULearn website is in the upper right corner. The login is the same as your email. Your classes should be available for you to see on Monday morning.*

*You may order textbooks from wherever (amazon, bookstore, Chegg, etc). You can view the necessary textbooks on the ASU bookstore's website but make sure you get the correct edition. I would suggest not renting the APA 7th edition as you'll need that through the program. You do not need the access codes.*
